

AHRI Membership Dues

FREQUENTLY ASKED QUESTIONS

1. What do membership dues cover?

Membership dues are invoiced annually and cover the cost of AHRI Membership for a full calendar year.

2. How are membership dues calculated?

Dues are based on the two-year total average of your company’s Membership sales volume as reported to AHRI. For example: 2024 Membership dues are based on the average of total Membership sales volume reported for 2022 and 2023.

Annual Sales Volume Reporting occurs in July. Members are required to submit sales volume (in US Dollars rounded to the nearest thousand) for the most recent time period of July 1 – June 30. For more information on Annual Sales Volume Reporting, please visit our [Annual Sales Volume Reporting Instructions](#) page. Sales Volume data is kept confidential and not shared with other Members nor organizations.

*Affiliate and Associate Members pay the minimum dues rate, regardless of sales volume reported.

3. How is sales volume applied to the membership dues calculation?

The two-year total average sales volume is applied to two sales volume tiers, as separated by a sales volume threshold.

The following threshold, multipliers, and minimum dues rate are subject to change on an annual basis.

2024		
Sales Volume Threshold	\$750 million	If a company’s two-year total average sales volume is below \$750 million, then the following equation is used:
SV Threshold & Under (per \$1,000)	0.163	$(2 \text{ yr avg sales volume}/1000) \times 0.163$
Over SV Threshold (per \$1,000)	0.116	If a company’s two-year total average sales volume is above \$750 million, then the following equation is used:
Minimum Dues Rate	\$5,000	$((750 \text{ mil}/1000) \times 0.163) + (2 \text{ yr avg sales volume} - 750 \text{ mil})/1000 \times 0.116$
