

REQUEST FOR APPROVAL OF TEST FACILITY TO TEST LIQUID TO LIQUID HEAT EXCHANGERS

PRELIMINARY GENERAL TEST FACILITY APPROVAL

We, the undersigned, hereby request the Air-Conditioning, Heating and Refrigeration Institute (AHRI) to approve our test facility, located at:

for the purpose of conducting certification tests on Liquid to Liquid Heat Exchangers per the latest edition of AHRI Standard 400. We certify that all testing will be done according to the testing codes and certified Rating Programs approved by AHRI.

Accompanying this request is the following information:

- a. A complete list of all instruments being used and a copy of each calibration report showing date last calibrated.
- b. A schematic drawing of the test facility.
- c. Photograph showing the test facility, which shall include sufficient views to show the location and connection of each instrument.
- d. A completed Liquid to Liquid Heat Exchangers witness testing test facility inspection and personnel - experience questionnaire form (Forms LLHE-WT2 and LLHE-WT3).
- e. A statement that the test facility is in conformance with all of the provisions of the latest edition of AHRI Standard 400 "Liquid to Liquid Heat Exchangers."

Company

By: _____ Date: _____
Chief Engineer or Test Facility Director

By: _____ Date: _____
Officer

Title

The above requirement for a test facility has been met by the requesting company in regard to instruments, equipment and test facility.

This test facility is hereby given preliminary general approval.

AIR-CONDITIONING, HEATING AND REFRIGERATION INSTITUTE

By: _____ Date: _____
Vice President, Certification

FINAL TEST FACILITY APPROVAL

This test facility has satisfactorily met the requirements of the test facility inspection and is hereby approved for the purpose of conducting certification tests on Liquid to Liquid Heat Exchangers.
