

AHRI 'NEXTGEN' DIRECTORY OF CERTIFIED PRODUCT PERFORMANCE LAUNCH SCHEDULE (last updated 12/12/2017)

Friday, 12/8/17	Last day for users to provide NextGen testing comments to AHRI (nextgenprep@ahrinet.org). Any comments received after this date will likely not be addressed prior to NextGen launch.
Friday, 12/15/17	<p>Last day to <u>execute</u> (not request or be in the process of executing) licensing, branding, and/or OEM/PBM relationship changes in the CURRENT Directory database. These changes can resume once NextGen is live.</p> <p>Last day to add new participant companies to the CURRENT database. Such additions can resume once NextGen is live.</p> <p>Deadline for Water Heater participants to submit their tested UEF data to CURRENT database. Failure to submit data by this date will result in subject records not being published in CURRENT Directory and not reported to DOE by the DOE-imposed deadline of 12/29.</p> <p><i>Snapshot of CURRENT Directory data taken (to support final data migration activities).</i></p>
Monday, 12/18/17	<p>Last day to submit Directory Support change requests requiring AHRI Staff approval or execution (i.e. model status reversals, editing locked field data). Any requests received after this date will likely not be addressed until after the NextGen Directory has gone live.</p> <p>Participants: It is advisable you get your changes to AHRI as soon as possible. Some AHRI staff will begin leaving for the holidays this week. Therefore, getting necessary approvals to make data changes may be difficult and in some cases may end up being delayed until NextGen is live.</p>
Friday, 12/22/17	<p>AHRI Offices close at 12:00 pm EST and do not re-open until Tuesday, January 2, 2018.</p> <p>The NextGen Directory test site is taken offline and all data erased at 7:00 pm EST.</p>
Friday, 12/29/17	<p>Last day for participants to use the manufacturer interface for adding/editing data in the CURRENT Directory through the manufacturer interface. AHRI will report new/changed data to DOE, via overnight process, assuming that data been entered into the CURRENT Directory as of 12/29 6:59 pm EST.**</p> <p>Manufacturer login access to CURRENT Directory will be cut off at 7:00 pm EST and will not return until NextGen launch.</p> <p>** Water Heater Participants: Tested UEF data added for any water heater record previously hidden by staff (i.e. missed 12/15 deadline) will remain hidden and will <u>not</u> be reported to DOE.</p> <p><i>"Delta" (12/15 – 12/29) data migration from CURRENT Directory platform to NextGen Directory platform begins.</i></p>
Friday, 12/29/17 – Sunday, 1/7/18 11:49 am EST	CURRENT Directory remains available for public searching, certificate generation, and certificate verification. Manufacturer login access is not available during this period.
Sunday, 1/7/18 12:00 pm EST – Monday, 1/8/18 7:59 am EST	CURRENT Directory is unavailable while we cut-over to new platform.
Monday, 1/8/18	NEXTGEN DIRECTORY GOES LIVE AT 8:00 am EST! All users will access the new platform at our normal URL – www.ahridirectory.org . All data management services (i.e. Participant login ability, Directory support) resumes.
