GHG Rule Development Stakeholder Meeting Agenda

Staff will give an overview presentation at the beginning of each meeting and will stay at the meetings until registered in-person participants have had a chance to provide comments (3-5 minute maximum per person). Those attending remotely may submit comments to cdphe.commentsapcd@state.co.us. To be considered for the draft proposed rules, email comments are due by January 27, 2020.

As part of Colorado’s continued efforts to implement Senate Bill 19-096, Senate Bill 19-181, House Bill 19-1261, and Senate Bill 19-236, the Air Pollution Control Division (Division) is hosting two public meetings to engage stakeholders on a potential greenhouse gas emissions reporting rule and potential emission reduction strategies addressing hydrofluorocarbon (HFC) emissions. The Division anticipates requesting that the Air Quality Control Commission set a public hearing in May 2020, and making a proposal available publically in February 2020.

AGENDA
1. Introductory remarks/roll call (5 min)
2. Meeting best practices (5 min)
3. Presentation on potential rule concepts, rulemaking process, and timeline (30 min)
4. Identification of stakeholders and comments (remaining time)

PURPOSE
1. Discuss stakeholder participation and considerations.
2. Discuss the process, applicability, and potential rule concepts.
3. Illustrate estimated timeline for rulemaking process.
4. Solicit stakeholder input on what rules should consider and address.
