

AMS is committed to complying with the E-Government Act, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap or conflict with this proposed rule.

In addition, the Board's meetings were widely publicized throughout the tart cherry industry, and all interested persons were invited to attend the meetings and participate in Board deliberations on all issues. Like all Board meetings, the July 6, 2018, September 13, 2018, and October 23, 2018, meetings were public meetings, and all entities, both large and small, were able to express views on this issue. Finally, interested persons are invited to submit comments on this proposed rule, including the regulatory and information collection impacts of this proposal on small businesses.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/rules-regulations/moa/small-businesses>. Any questions about the compliance guide should be sent to Richard Lower at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 30-day comment period is provided to allow interested persons to respond to this proposal. All written comments timely received will be considered before a final determination is made on this matter.

#### List of Subjects in 7 CFR Part 930

Marketing agreements, Reporting and recordkeeping requirements, Tart cherries.

For the reasons set forth in the preamble, 7 CFR part 930 is proposed to be amended as follows:

#### **PART 930—TART CHERRIES GROWN IN THE STATES OF MICHIGAN, NEW YORK, PENNSYLVANIA, OREGON, UTAH, WASHINGTON, AND WISCONSIN**

■ 1. The authority citation for 7 CFR part 930 continues to read as follows:

**Authority:** 7 U.S.C. 601–674.

■ 2. Amend § 930.158 by revising paragraph (a) to read as follows:

#### **§ 930.158 Grower diversion and grower diversion certificates.**

(a) *Grower diversion certificates.* The Board may issue diversion certificates to growers in districts subject to volume regulation who have voluntarily elected

to divert in the orchard all or a portion of their tart cherry production which otherwise, upon delivery to handlers, would become restricted percentage cherries. Growers may offer the diversion certificate to handlers in lieu of delivering cherries. Handlers may redeem diversion certificates with the Board through June 30 of each crop year. After June 30 of the crop year that crop year's grower diversion certificates are no longer valid. Cherries that have reached a harvestable, marketable condition will be eligible for diversion. Diversion will not be granted to growers whose fruit was destroyed before it set and/or matured on the tree, or whose fruit is unmarketable. If marketable fruit were to be damaged or destroyed by acts of nature such as storms or hail diversion credit could be granted. To be considered marketable for the purposes of this section, sampled fruit may not exceed a 5 percent tolerance for insects or a 7 percent tolerance for rot.

## **I. Background**

### *A. HMDA and Regulation C*

HMDA requires certain depository institutions and for-profit nondepository institutions to collect, record, and report data about originations and purchases of mortgage loans, as well as mortgage loan applications that do not result in originations (for example, applications that are denied or withdrawn).<sup>1</sup> By its statutory terms, HMDA defines "mortgage loan" as (1) "a loan which is secured by residential real property," or (2) a "home improvement loan."<sup>2</sup> The purposes of HMDA are to provide the public with loan data that can be used: (i) To help determine whether financial institutions are serving the housing needs of their communities; (ii) to assist public officials in distributing public-sector investment so as to attract private investment to areas where it is needed; and (iii) to assist in identifying possible discriminatory lending patterns and enforcing antidiscrimination statutes.<sup>3</sup> Prior to the enactment of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), Regulation C required reporting of 22 data points and allowed for optional reporting of reasons an institution denied an application.<sup>4</sup>

<sup>1</sup> To simplify review of this document, the Bureau generally refers herein to the obligation to report data instead of listing all of these obligations in each instance.

<sup>2</sup> 12 U.S.C. 2802(a)(2).

<sup>3</sup> 12 CFR 1003.1.

<sup>4</sup> As used in this document, the term "data point" refers to items of information that entities are required to compile and report, generally listed in separate paragraphs in Regulation C. Some data points are reported using multiple data fields.
